Entered as second class matter at the post-office at Appomattox, Va., under act of Congress of March 3, 1879.

All communications and matter for publication must reach our office by Wednesday mornings.

All In Memoriams, Cards of Thanks etc, are charged for.

Address all correspondence to the Times-Virginian, Appomattox, Va.

EDITORIAL

Open Strongly

The tobacco markets in Georgia opened last week and from all reports the prices were most encouraging. The averages were about 25c per pound, this for bright tobacco.

Of course, you cannot judge all of this season's prices by those of the Georgia markets, but the trend is encouraging and shows that the cigarette industry is sound.

Dark tobacco does not have the prospect of bright tobacco, but we rejoice in the good fortune of the bright tobacco growers.

On Selecting Friends

The younger people of Appomattox have this lesson to face: There is nothing more important in life than the formation of friendships with the "best people." If there are thing, you prefer not to do, the proper course is first to associate with those who do them. If you are careful of your friendships, your habits will take care of themselves. Laxness in selecting friends almost always results in laxness of character.

New Coins Coming

It begins to look like the old-fashioned half-cent piece is coming back. And with it will be a new device, known as the mill, or a tenth of a cent.

Washington claims a demand for these new coins by states which have adopted the sales tax, requiring payment of small sums in business transactions.

The half-penny will be smaller than the copper and the mill light tan colored.

One of the best things about a vacation is the thrill of getting back home.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Thedford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Thedford's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

BLACK-DRAUGHT

Don't Prolong The Agony!

Next time you suffer from Gas on Stomach, Headache, Sour Stomach, a Cold, Muscular, Rheumatic, Sciatic or Periodic Pains; That Tired Feeling, That "Morning After" Feeling. Get a glass of water and drop in one or two tablets of

Alka-Seltzer

The New Pain-Relieving, Alkalizing, Effervescent Tablet

Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—so-called relief for gas, and all of them a failure, I gave up hopes. By chance I tried Alka-Seltzer—I am more than satisfied. Geo. Bennett, New York, N. Y.

Get a glass at your drug store soda fountain. Take home a 30 cent or 60 cent package.

Alka-Seltzer

American Oil Co. Is 25 Years Old

Twenty-five years ago in June a small horse drawn tank wagon represented the rolling stock of the American Oil Company.

The Company started with three employees and 300 gallons was a "big day."

Twenty-five years is a long time when counted in terms of days and weeks. But it seems a short period when measured in terms of the progress of the American Oil Company.

The company now goes into 18 states and the District of Columbia. It has thousands of dealers and company-owned stations, a huge fleet of tank trucks, one of the largest arrays of railway tank cars, thousands of employees, 15 mammoth ocean terminals, and the world's biggest, newest and most modern refining unit.

How your MONEY
WORKS FOR YOU IN A
Checking Account

When you put your money in a savings account you get interest on it. In a checking account you get service for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, periodic functional pains go away and women gain praise Cardui for helping them back to good health. . . Mrs. C. E. Ratliff, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

COMMON CAUSE OF BALDNESS

One of the chief causes of premature graying of the hair and ultimate baldness is lack of stimulation in the scalp.

To overcome this and bring an abundant supply of blood to nourish the hair roots, massage scalp at night with Japanese Oil, the antiseptic scalp-invigorant.

Thousands of men and women report amazing results in stopping falling hair, growing new hair in spots where it is eliminated, dandruff and itching scalp.

Japanese Oil costs but 60c at any druggist. Or send 10c for generous trial bottle. NATIONAL REMEDY CO., 56 West 45th Street, New York

Order of Publication.

VIRGINIA:

In the Clerk's office of the Circuit Court of Appomattox County, on the 10th day of July, 1935.

W. R. Martin, Plaintiff Against Mary L. Harvey, defendant.

The object of this suit is to enforce payment of a judgement of the plaintiff against the defendant, by subjecting the lot of 2.07 acres of land, with buildings thereon, at Pamplin, Virginia, to the payment of said judgment, either by a sale thereof or the renting of said property.

And it appearing by affidavit filed that Mary L. Harvey, is not a resident of Virginia, she is hereby required to appear within ten days after the due publication of this order and do what is necessary to protect her interest.

Teste: C. W. Smith, Clerk,
Joel W. Flood, p. q.

STATE OF VIRGINIA,
COUNTY OF APPOMATTOX, To-wit: I, C. W. Smith, Clerk of the Circuit Court of the County of Appomattox, in the State of Virginia, do hereby certify that I have this day posted a copy of the above order of publication at the front door of the Courthouse of said County, and mailed a copy there of to Mary L. Harvey at 19706 Shelton Drive, Cleveland, Ohio, the address being the last known post office address of said defendant, Mary L. Harvey, given in the affidavit filed for said order.

I further certify that I directed that said order of publication be published once a week for four successive weeks in the Times-Virginian a newspaper published in said County.

Given under my hand this the 15th day of July, 1935.

C. W. Smith, Clerk

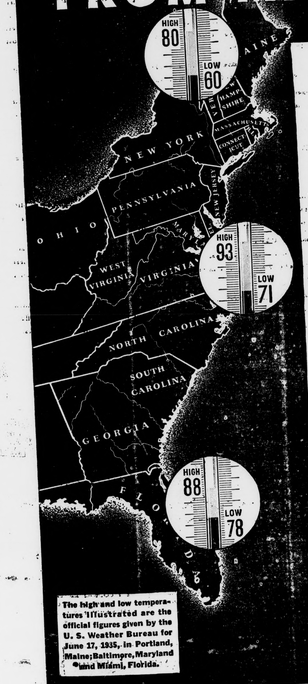
FROM MAINE TO FLORIDA



The high and low temperatures illustrated are the official figures given by the U. S. Weather Bureau for June 17, 1935, in Portland, Maine; Baltimore, Maryland and Miami, Florida.

"AIR-CONDITIONED" AMERICAN GAS
BEATS THERMOMETERS ON THEIR HOME GROUNDS

IT'S no secret that gasoline motors are erratic in performance when you run into humidity and temperature changes. And it's no secret that you do get humidity and temperature changes, daily and monthly, both on short runs in your particular locality and on longer trips.

"AIR-CONDITIONED" American Gas beats thermometers on their home grounds. By carefully designing this gasoline to cover the weather variations in each locality during each month of the year, we have succeeded in making a gasoline which will give maximum performance throughout all weather conditions. "AIR-CONDITIONED" American Gas gives uniform, dependable performance on either short or long runs. Here's why:

We build into this gasoline some things no other regular gasoline has. We start out with a 100% Pure Petroleum Base. And we keep it pure. No acid is used in our refining operations. And we don't have to add any of the chemicals used in most other regular gasolines.

With the help of our new refinery and modern processes, we have turned out a regular gasoline so new—so modern—so different—that "air-conditioning" is only one of its features.

OTHER GUARANTEED FEATURES!

CLEAN BURNING: 100% Pure Petroleum Base—No Added Chemicals—100% clean burning—no harmful deposits.

GREATER NET POWER: "Air-Conditioned" gasoline plus clean burning guarantees superior performance. Hence, GREATER NET POWER.

HIGHER ANTI-KNOCK: By new processes—without acid treatment—in the world's most modern refinery, we obtain naturally, from 100% Pure Petroleum Base, a higher anti-knock value than other regular gasolines get artificially by the addition of chemicals to bring up anti-knock alone.

MORE MILES: Greater net power and higher anti-knock rating net more miles to the gallon than any other regular gasoline.

"AIR-CONDITION" Your Motor!

Stop at any Yellow and Black American Gas Pump and fill up your tank with "AIR-CONDITIONED" American Gas. Then keep your car "air-conditioned" with this amazing new "AIR-CONDITIONED" American Gas. Even though it costs us more to produce, it is being sold at regular gas price from Maine to Florida and inland by thousands of American dealers and stations.
